The requirements described in this document are applicable to all Deliveries made by a Supplier to Huisman Konstruckce s.r.o. (hereafter referred to as "Huisman") and/or delivery locations appointed by Huisman, unless otherwise agreed upon and described on the related Purchase Order ("PO") document or frame agreement.

Contents:

1. General delivery conditions
2. Item packaging
3. Transport packaging
4. Main transport unit
5. Delivery note
6. Commercial invoice
7. Operating hours

1. GENERAL DELIVERY CONDITIONS

The following general delivery conditions are applicable:

1. When exceeding one of the following specifications the Huisman warehouse team* is informed in advance:
 - a. Dimensions exceed 120Lx80Wx150H cm;
And/or
 - b. Pallet amount is greater than 3.

* whreceivingintohk@huisman-cz.com, attach the packing list to the email
2. PO's are delivered when all ordered items are available, partial deliveries can only be done in agreement with the buyer, before the cargo is sent;
3. All packaging complies with the regulations of the destination country (e.g. IPPC/ISPM-15), unless specified otherwise in the PO's;
4. When items are ordered by Huisman on separate PO-lines, they should be delivered as separate items;
5. If the supplier converts single PO-line items into an assembly (one product), this is done in agreement with the buyer, before the cargo is sent;
6. All correspondence/documentation is in English.

2. ITEM PACKAGING

This is the packaging (e.g. box, bag or crate) of the item itself.

Conditions for an item specific packaging unit:

1. Each item (part code) is packed separately¹;
2. Each item (e.g. paints, curing agents, spray paints, and other items subject to expiration) is marked with an expiration date;
3. Each item (e.g. seals) is marked with the date of manufacture;
4. When multiple amounts of the same parts are packed in one box², the weight does not exceed 20 kg;
5. Each box has a PO label specifying the total amount of parts of each item in it
6. Each item specific packaging unit is marked with label³
 - a. The label is placed on the item specific packaging unit, in such a way, that it is clearly visible, when unpacking and handling it;
 - b. The entire text is visible on the label.
7. Packing materials (e.g. tape, carton, pallet boarders etc.) on this package do not show any supplier information (only acceptable if the supplier is the manufacturer);
8. If weight is higher than 20 Kg, it shall be packaged in such a way that it can be handled by a forklift;
9. If a pallet is required, use euro pallets;
10. Blank surfaces are conserved corrosion proof (e.g. VCI foil, Tectyl);
11. Foam transport chips may not be used;
12. If the item is not visible due to seal (e.g. plastic vacuum seal), a picture item is available on the package⁴.

¹ 1 item, in 1 box, with a sticker

² > 1 of the same item, in 1 box, with a sticker

³ 2 different items, with their corresponding stickers, in 1 box

⁴ Packages, with pictures of contents

3. TRANSPORT PACKAGING

If the item specific packaging is not suitable for the selected transportation method, make sure it is packed in such a way that the item is protected and conserved.

The following items are clearly visible on the outside of transport packaging:

1. Huisman PO number⁵;
2. Packing list⁶ stating the contents for the specific package.

Conditions for a transport package:

1. If weight is higher than 20Kg⁶, it shall be packaged in such a way that it can be handled by a forklift;
2. No more than 25 different items is packed in one transport package;
3. Foam chips packaging may not be used⁷.

⁵ Packing list + Huisman PO

> 20 kg =

⁶ Packages Heavier than 20 kg

⁷ Foam chips

4. MAIN TRANSPORT UNIT

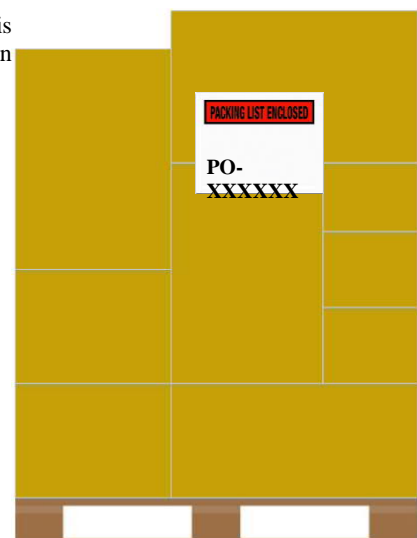

The main transport unit is or contains one or more item and/or transport packages. This is the largest visible unit (e.g sealed pallet⁸) when physically receiving it. A transport can consist of multiple main transport units (e.g 3 sealed pallets).

Clearly visible/readable on the outside of the unit:

1. Delivery note;
2. Huisman PO number;
3. The gross weight on packaging and delivery note.

Conditions for main transport unit:

1. If weight is higher than 20kg, it shall be packaged in such a way that it can be handled by a forklift;
2. If a pallet is required, use euro pallets;
3. Final shipment dimensions do not exceed euro pallet dimensions, unless an individual item exceeds these dimensions;
4. Foam chips packaging may not be used.

⁸ Sealed Pallet
